The designs are believed to represent the Upper World (bird-like mask and wing), This World (dancing man), and the Lower World (serpent skin/crosshatching on reverse side). The sandstone tablet is approximately 4" tall, and the design has been adopted as the logo for Cahokia Mounds. Credit: Cahokia Mounds State Historic Site.

Dear Colleagues:

SAA's historic 75th Anniversary Meeting in St. Louis is almost upon us! With years of planning by the 75th Anniversary Meeting Task Force and a high-level of participant submissions, the 2010 meeting will deliver a vibrant scholarly program and a truly unique meeting experience for all who can attend.

Several sponsors have stepped forward to celebrate SAA's 75th Anniversary Meeting and enhance the experience for attendees. Be sure to visit the Abstract Viewing Center and check your registration materials for other useful commemorative items provided by our generous sponsors.

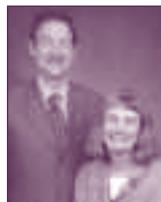

Roundtable Luncheons return after a year on hiatus, and will be hosted by authors from the forthcoming publication *Voices in American Archaeology*. Please don't miss the once every three-quarters of a century Anniversary Shindig, featuring an opening performance by the Native American drum group, Horse Stealing Moon Singers, followed by dj music, dancing, and more!

The 75th Anniversary Meeting also marks the first time SAA will be providing the annual meeting abstracts electronically on the public side of SAAweb. A searchable pdf of the abstracts will be available about a month before the meeting. This move provides open access to the abstracts, in addition to meeting SAA's greening initiative. The Abstract Viewing Center, courtesy of one of our sponsors, will be available on site in St. Louis.

The "Gateway City" will serve as the perfect backdrop to celebrate SAA's vibrant past and bright future. I hope you can join us in St. Louis to commemorate this momentous occasion!

Meg Conkey, RPA, President

FROM THE ST. LOUIS PROGRAM CO-CHAIRS

Dear Colleagues:

SAA's 75th Anniversary Meeting SAA in St. Louis, Missouri, celebrates the achievements of our Society and offers a truly memorable array of presentations and special events. Plan to come early and stay late to enjoy all the activities! The official opening to the meeting on Wednesday night will be commemorated by a Native American blessing, and many important symposia will be presented through Sunday morning. Besides exceptional sessions on a wide variety of theoretical, methodological, and regional topics, there will be a record number of forums and electronic symposia in which to participate. Other attractions include the 7.5 minute Film Fest, the Ethics Bowl, a Silent Auction to benefit Native American scholarships, the Roundtable luncheon, and a Saturday Anniversary Celebration event. To keep things running smoothly, chairs and presenters have been instructed to keep their sessions and papers on time. Also, remember to wear your badges and carry your special event tickets. Anniversary meetings only come around every 25 years, so meet us in St. Louis!

Lisa LeCount and John Blitz

FROM THE LOCAL ADVISORY CHAIR

Dear Colleagues:

St. Louis is proud to host SAA's 75th Anniversary Meeting, and St. Louis will surprise you with all that's going on. The meeting is located in the heart of the city center and only blocks from the iconic Gateway Arch that makes the city's skyline world famous. Downtown also has undergone a substantial makeover in recent years, so be sure to sample the new restaurants and bars on Washington Street. SAA is organizing three outstanding archaeological and scientific tours, including visits to North America's largest archaeological site, Cahokia. In addition, we've organized an archaeological excursion throughout the "American Bottom," where you can appreciate the amazing archaeological landscape of the Mississippi basin. Finally, there will be an excursion to the Missouri Botanical Gardens, one of the country's most comprehensive and beautiful collections of botanical life and gardens. St. Louis is a great Midwestern city for drawing together SAA members from all corners of America and beyond. We're looking forward to showing off the best that we have to offer and to celebrating our 75th Anniversary Meeting with the wonderful tours and special events planned throughout the SAA meeting. Welcome to St. Louis!

Michael D. Frachetti

On site, close to the Exhibit Hall, premiering at the 75th Anniversary Meeting will be an **Abstract Viewing Center** where you will be able to reference the abstracts at your convenience through a bank of computers provided for that purpose. ■ MetroLink light rail system connects the airport to downtown. There are two airport stations, in the Main and East terminals. The Convention Center MetroLink stop is midway between the Renaissance and the Hampton Inn. The MetroLink stop is at 6th and Washington. ■ GO BEST Express, a shared ride van shuttle service is the “Official Ground Transportation Company for Lambert International Airport.” SAA discounted Fares are \$17 one way or \$32 roundtrip. In order to receive the SAA discount, you will need to make reservations online at <http://www.gobestexpress.com/>. In the gray box where it asks for your “convention, group or corporate booking ID,” please use in the following ID: **saa**

Please note that the SAA rate will **not** be available once you arrive in St. Louis if you have not made advance reservations online.

OPENING SESSION

Wednesday Evening, April 14, 2010
6:00–9:00 pm

6:00–6:30: Native American Welcome Blessing

Archaeology Now: Intersections of Theory, Method, and Practice in the 21st Century

Organizer: James E. Snead

Chair: James E. Snead

Participants: Elizabeth Arkush; Matt Liebmann; Dawnie Steadman; Monica L. Smith

Traditional archaeological activity has been subdivided into discrete categories—that are only occasionally subject to synthetic discussion. This balkanization has several negative effects, including theory with little reference to data and methodological incantations that strip the past of nuance or relevance. Recent efforts to re-integrate the various aspects of research in creative ways, however, acknowledge the unity of archaeological practice. This symposium presents five different projects that engage these different “intersections”: selected to represent different theoretical perspectives and research contexts, they collectively present a portrait of “archaeology now” that provides promise of good and important things to come.

Please use the Advance Registration Form to register for this event.

FRIDAY, APRIL 16

Roundtable Luncheon

The roundtables are back! They will be held from 12 pm–1 pm with a maximum of 10 individuals, including hosts, per table. This year the hosts are drawn from the authors of chapters in *Voices in American Archaeology* edited by Barbara Mills, Dorothy Lippert, and Wendy Ashmore, a title premiering in St. Louis from The SAA Press. This volume, celebrating the SAA 75th Anniversary Meeting, highlights the proactive work of the Society. Diverse voices in the Society shape the goals in such work, and author selection seeks to recognize the multiplicity of those voices. Authors address select topics that contribute importantly to larger dialogues among archaeologists and with wider publics. Each chapter considers a specific topic, situating it within circumstances from which its significance arises, critically assessing archaeology's pertinent accomplishments (and problems), and offering programmatic remarks about its future.

Lunch will feature pasta with smoked chicken, dessert, and iced tea. A vegetarian option will also be available. \$5.25 per person; registration required. *Please note that tickets are available through advance registration now and on site only until 5pm on Wednesday, April 14 (Registration on site opens at 2pm Wednesday).* Please reserve your seat now!

Within blocks just north of the meeting hotel there once thrived an American Indian town of we call the St. Louis Mound Group and the nearby Big Mound. We begin this adventure with a discussion of the ongoing preservation efforts by local organizations such the Powell Archaeological Research Center and the lead national organization, the Archaeological Conservancy. Through the leadership of Congressman Russ Carnahan this has resulted in the recent acquisition of the St. Louis Sugar Loaf Mound by the Osage Nation. We will be visiting this location along with other town-and-mound complexes such as Pulcher, which along with Cahokia, is one of the earliest centers of ritual activity at the beginning of the eleventh century. Our journey takes us north to perhaps the latest town, Mitchell. Eventually we return south past Cahokia along the National Highway

and the recently designated Mounds Heritage Trail into the ancient town buried beneath the backyards and alleys of East St. Louis. Here we have an opportunity to step out and discuss the efforts that are underway to preserve parts of the site as green space for use by the citizens of East St. Louis. Your tour leader is Dr. John E. Kelly, Washington University of St. Louis.

A private guided tram tour will wind its way through the 79 acres of flora from a

variety of diverse climates. Visit the newly renovated Climatron, the first geodesic dome greenhouse based on Buckminster Fuller's futuristic design. Included is a visit to the 14-acre Japanese Garden, considered one of the finest outside Japan. There will also be time to explore your favorite areas on your own. Visit the grand plaza overlooking the three large reflecting lily pools and the Milles Sculpture Garden. FRIDAY, APRIL 16

Cahokia Mounds

12:00 pm–4:00 pm; maximum 46 persons; \$18.00— transportation to Cahokia

The Cahokia Mounds State Historic Site is located a short drive east from St. Louis. With over 100 earthen mounds, the site was the largest pre-Columbian settlement north of central Mexico and it was the center of one of the most densely settled regions in ancient America. Cahokia is one of the premiere archaeological sites in the Mid-Continent and holds the distinction of being listed as a UNESCO World Heritage Site. The world-class Interpretive Center with its award-winning orientation show, exhibits, and dioramas, and the excellent gift shop provides the jumping off point for several forms of self-guided tours that allow visitors to experience the landscape at their own pace. Newly acquired iPod Touch tours take visitors through the exhibits and three outside tour trails that include stops at Monks Mound and the Stockade; the Grand Plaza, Twin Mounds and Mound 72; and the Woodhenge reconstruction. iPods may be rented from the Gift Shop for \$5. There are also free cassette tape tours for the three trails available from the Information Desk and guidebooks for the three trails for \$1 in the Gift Shop. Don't miss the opportunity to experience this unique archaeological site and see sweeping vis-

tas of the St. Louis region by climbing the 156 steps to the top of 100-foot-high Monks Mound, the largest prehistoric earthwork in the Americas. Learn more about the site at www.cahokia-mounds.org. Your tour will allow you three hours to explore Cahokia.

Please note that there are additional tours being offered to Cahokia on Saturday, April 17.

WORKSHOPS

SAA workshops provide continuing education on a wide range of practical issues relevant to the professional archaeological community. These workshops have limited enrollments, so sign up soon! As noted, specific workshops are open to both meeting attendees and those not attending the meeting. Note the special reduced fees for student attendees!

FRIDAY, APRIL 16

Introduction to Video Production for Archaeologists

8:00 am–12:00 pm; maximum 30 persons; \$79 SAA annual meeting attendees; \$59 student meeting attendees; \$99 non-annual meeting attendees (Sponsored by the Public Education Committee)

This very basic introductory workshop will introduce participants to useful tips and tools on how to plan, produce, and ultimately publish archaeological videos online. The workshop will include demonstrations of video production hardware and software, sample videos, and tips and techniques from *The Archaeology Channel*.

Facilitators: Donna Byczkiewicz, San Diego State University, Richard Pettigrew Archaeological Legacy Institute, and Renata B. Wolyneć, Edinboro University of Pennsylvania

Soil Chemistry Archaeochemical Workshop

8:00 am–12:00 pm; maximum 30 persons; \$79 SAA annual meeting attendees; \$59 student meeting attendees; \$99 non-annual meeting attendees

Chemistry has always been an effective tool for the modern archaeologist. With the development of new technology, chemical analysis is becoming increasingly easier, cheaper, and thus more important. This workshop is designed to give the practicing archaeologist a basic working understanding of the chemical principles that are applicable and specific to archaeology. The class is targeted to those who have no previous background in chemistry. Topics covered: “Elements and Molecules, or What is That Stuff Anyway?” “Chemical Statistics or Understanding All That Gibberish That Came Back From the Lab,” and “Soil Chemistry or “Getting Information When You Can’t See a Thing.” Topics will be presented in a combination of lecture and hands-on demonstrations. Participants are encouraged to bring their own specimens for non-destructive analysis. The specimens should be solids (not liquids) and about 10 grams of material or a surface area about 3/4-inch square. On site there will be portable X-

Ray Fluorescence (XRF), simple pH devices and possibly other portable field equipment.

Instructors: Dr. Claudia L. Brackett, Country Chemist and Richard J. Lundin, Director, Wondjina Research Institute
